Webinar

My journey over the last 10 years with anatomical implants for aesthetics purposes

Dear GCA Academy™ members,

We are pleased to invite you to an enlightening academic webinar led by Dr. Antonio Di Vincenzo. This session will provide an in-depth exploration of the applications and benefits of anatomical implants in achieving natural and harmonious results.

Dr. Di Vincenzo will share his invaluable insights, tips, and tricks on why anatomical implants are the optimal choice for achieving truly natural, safe, and stable results. Attendees will gain a comprehensive understanding of the importance of using high-quality anatomical implants like Luna XT™, of which he utilized over 1,000 units in 2023 alone, through real-life case studies and advanced anatomical implants techniques.

Don't miss this opportunity to expand your knowledge and enhance your surgical practice. Secure your place now to benefit from Dr. Di Vincenzo's unparalleled expertise in anatomical implants.

Dr. Antonio Di Vincenzo, Plastic and Reconstructive surgeon

Dr. Antonio Di Vincenzo, is a distinguished expert surgeon with over 30 years of experience. He is the owner of DiVi Clinic in Castelfranco Veneto (Italy), where he has successfully performed more than 5,000 surgeries over the past decade using exclusively anatomical implants.

His extensive experience has enabled him to develop a personalized technique that ensures a highly natural and stable outcome for all patients, having earned him recognition and respect in the field, holding the prestigious certificate of excellence for being the surgeon who uses the most anatomical implants in Italy.

Dr. Antonio Di Vincenzo participates as a speaker in numerous national and international congresses and he is a frequent guest of several television programs in Italy. His academic contributions are significant, enriching the literature in his specialty.

Dr. Antonio Di Vincenzo is a member of esteemed organizations like the European Association of Aesthetic Surgery and AICPE. Since 2017, his dedication and expertise enabled him to be the main scientific speaker and operator of the Theoretical-Practical Course focused on "Additive Mastoplasty with Anatomic Prostheses", the only course in Italy covering this topic, and attended by experienced surgeons to perfect themselves on the use of anatomical prostheses.

Dr. Antonio Di Vincenzo expertise, dedication, and leadership have solidified his position as a recognised authority in Plastic Surgery, especially in anatomical implants.
